
Summary

FrontEnd Developer || Educator

Frontend Developer with 3+ years of experience in building responsive and user-centric web applications, along with extensive experience as a Technical Trainer. Skilled in Python, JavaScript, and modern UI/UX practices. Proven ability to train 80,000+ students and deliver scalable, high-quality projects under tight deadlines.

Skills

- **Languages:** C (*Basics*), Java, Python, JavaScript.
- **Frontend:** HTML5, CSS3, React.js.
- **Styling:** Tailwind, Bootstrap, Sass.
- **Database:** SQL.
- **Tools:** Git, GitHub, VS Code, Figma
- **Backend/Cloud:** Firebase.
- **Concepts:** Responsive Design, UI/UX, State Management, Component-Based Architecture.

Experience

Technical Trainer || Freelancer

Multiple Partner Organizations & Educational Institutions

 India | 2023 – Present

Partner Organizations:

Xplore | Pyramid Consulting | ByteXL | Softmatic Solutions | BHIMM Solutions | Select Smart | FacePrep | PrepWing | Code Now | Seventh Sense | Amphisoft Technologies | Seed InfoTech | Campus Credentials | EZTS | Mastersolis InfoTech | Techva | Genesis | The Skill Shop

- Delivered **large-scale technical training programs** across multiple colleges through 18+ partner organizations.
- Trained **80,000+ students** in C, Java, Python, Web Development, and Data Structures & Algorithms (DSA).
- Conducted **Campus Recruitment Training (CRT)** and **Company Specific Training programs (TCS, Capgemini)**, improving student job readiness and placement outcomes.
- Facilitated **on-site and offline training sessions** across multiple locations, covering Southern and Northern regions of the country.
- Taught **Frontend development (HTML, CSS, JavaScript)** and version control using **Git & GitHub**.
- Delivered **UI/UX training using Figma**, covering design thinking, wireframing, and product development.
- Mentored students in **end-to-end project development**, from ideation to deployment.
- Collaborated with multiple organizations as a **freelance trainer**, delivering customized training modules.
- Enabled students to build **portfolio-ready, real-world applications**, improving employability.

Projects

Admin Portal UI [[🔗 Live Demo](#) | [🔗 GitHub](#)]

- Developed a responsive admin dashboard using React.js, improving data readability by 40% through structured data visualization with Chart.js
- Built dynamic and reusable UI components, including data tables, widgets, and interactive charts with real-time updates.
- Implemented dark mode, animated UI elements, and optimized layouts to enhance user experience and accessibility.
- Managed state-driven UI rendering and efficient data handling for seamless user interactions.

Tech Stacks: React.js, JavaScript, HTML5, CSS3, Chart.js, and Table.js

Apple UI Clone [[🔗 Live Demo](#) | [🔗 GitHub](#)]

- Developed a pixel-perfect, fully responsive UI clone inspired by Apple's design system using HTML5 and CSS3.
- Implemented smooth animations, hover interactions, and scroll-based transitions using AOS to enhance user engagement.
- Designed clean layouts with strong visual hierarchy and consistent spacing, improving overall user experience.
- Ensured cross-device compatibility and responsiveness across mobile, tablet, and desktop screens.

Tech Stack: HTML5, CSS3, AOS (Animate On Scroll)

Achievements and Co-Curricular Activities

- **Winner – Geek-A-Thon at Geekster:** Led a team of 7 members to successfully design and develop an [Apple UI Clone](#), demonstrating strong leadership, collaboration, and front-end development skills.
- **Mentor – Geek-A-Thon Participants:** Guided and supported students in project development, problem-solving, and best practices, contributing to their successful participation in the **Geek-A-Thon**.
- **HackerRank Achievements:** Earned *Gold Star* ratings in both *Python* and *Java*, showcasing strong problem-solving and programming proficiency. [[Link](#)]
- **Certified in Python – HackerRank:** Completed the HackerRank Python certification, validating core programming and coding skills. [[Certificate](#)]
- **Geekster Web Development Bootcamp** [[Certificate](#)]
- **Internship at OASIS InfoByte** [[Certificate](#)]

Education

B.Com (Hons.)

School of Open Learning, Delhi University

 2021 – Present

Class 12 - Commerce (ISC)

Don Bosco School, Siliguri, West Bengal

82.5% | 2016 – 2019

Class 10 - Boards (ICSE)

72% | 2016
